

Expression of Interest

The Renewal of Registration of several Registered Medical Practitioners is due. Some of doctors are not familiar with digital technology, therefore it is felt that the Maharashtra Medical Council renewal process of RMPs can be facilitated and eased by support from individuals, accredited associations and/or agencies.

MMC seeks voluntary help from such interested persons/associations without any commercial transactions. Those interested and capable people/associations may submit their "Expression of Interest" on plain paper with their details and kind of support they can provide on or before 13th January 2017.

Place :- Mumbai
Date :- 04/01/2017
